

THE SOS PLANET FOUNDATION EVENT
Film, Panel Discussion, Cocktail and Dinner
SATURDAY, 18 JANUARY 2025
Maloja Palace Suites CO2 Neutral, Engadine, Switzerland

Dear Friends and Supporters of the SOS Planet Foundation,

I am delighted to invite you to join us for the panel discussion, cocktail and dinner at the [Maloja Palace Hotel](#) on the 18th of January 2025.

The event will start at 4:30pm with a screening of the film “Don’t look up” and will continue with a panel discussion at 7pm followed by cocktail and dinner. You can find all the details in the programme below. For those not able to attend in person there is the option to attend the panel discussion remotely via a videocall [Link to videocall – SOSPlanet®](#)

At the [SOS Planet](#) Foundation, our focus is on raising awareness about the profound consequences of global warming. We emphasize the critical need for everyone to swiftly achieve carbon neutrality and prioritize investing in production and storage of renewable energy and in the ecological transition. Our goal is to draw attention to the need for immediate action.

We are proud to say that [The Appeal](#) the SOS Planet Foundation would like to publish soon, already signed by Sir Dave King and Ed Gemmell ([Scientists Warning Europe](#)), has been recently backed also by Greenpeace. The Appeal is encouraging people to reduce their carbon emissions, offset any residual emissions and urge public administrations to implement measures such as a carbon tax on fossil fuel consumption and incentives for energy saving and the production of energy only from renewable sources aiming at becoming CO2 neutral within the next 10 years.

The cost of attending the event is **CHF200***.

I look forward to seeing you.

Big hug,

Amedeo

***CHF170 or EURO 182** should be paid directly to LifeGate to offset your individual carbon emissions for the year 2025 (based on the cost of offsetting carbon emissions for the average European citizen) IBAN: IT5200306951270100000062950
